

AKU Alumni Survey 2016

We are happy to share that Alumni Survey 2016 has been launched for all campuses. The purpose of this survey is to gain a clearer and more comprehensive understanding of alumni pathways, be it related to career choices or further training and education, including appreciation of important milestones and defining achievements along the way. In addition, we welcome feedback on your AKU experience and relationship with the University after graduating, which will help the University to appropriately tailor its alumni offerings.

This survey should only take about 15 minutes to complete. Please be assured that your responses will be kept confidential in accordance with the University's Confidentiality of Student Records Policy. Data collected as part of this survey will be stored in a password-protected electronic format.

Please note that in case you have completed programmes from multiple academic units within AKU, e.g. School of Nursing and Midwifery (SoNaM) and Medical College (MC), please feel free to complete both related surveys.

If you have any questions about the survey, please contact Mr Abdul Haq Wahedna, Senior Manager, Alumni Affairs, at alumni@aku.edu.

Here are the links for the survey:
